

## Halloween Scavenger Hunt

It is easy – basically you start with something you are willing to trade (a spoon, cup, flower, pumpkin, or jewel, for example) and go to a house and ask them to trade you something that you need on your list for your offering. Get a first name signature to prove it! Teams will need bags, a checklist and a pen.

Use this door-to-door scavenger hunt in a neighborhood that you are comfortable and familiar with and always travel in teams, making safety your first priority. Have fun, while remembering to be polite and courteous. (Don't be persistent with neighbors who are not open to your visit.)

For this hunt teams may only get one item per home and will have to get the signature of the person giving them the item to prove it.

**Note:** These items will **not** be returned to their owners and the owners should be made aware of this.

The team who collects the most items in the set amount of time is declared the winner.

Name	Item 1
_____	traded me a _____ for a movie ticket stub
_____	traded me a _____ for a chocolate chip cookie recipe
_____	traded me a _____ for a package of seeds
